Weather Probabilities.
For this section fair and continued cool tonight and Tuesday; moderate northerly winds.

HELD UP AND ROBBED.

Hugh Wylie, a shoemaker, notified the police on Saturday night that he had been held up and robbed of \$5 about midnight at the intersection of Queen and Columbus streets. Wylie was knocked down by the footpads. One of his ribs was broken and he was painfully injured by being kicked by his assailant. Wylie was attended by Dr. Warr. Officers Young, Sampson, Garvey and Rawlett subsequently arrested John Newton, white, and William Lomax, colored, on the charge of committing the assault. They were brought before the Police Court this morning when Wylie identified the two men as the parties who held him up. There were no witnesses and the accused asserted that they were innocent and could prove an alibi. The case was postponed until 4:30 o'clock this afternoon at which time parties said to be material witnesses will be examined.

MEETING OF COUNCIL.

Mayor Paff has called a special meeting of the City Council for tonight, when he will return without his signature the new health law passed at the last meeting of the two boards. The mayor in his communication will call attention to section 5, which he will state is not clear to him. This section provides that the mayor shall every six months appoint four men, one from each ward, to act as sanitary officers. He will call attention to the fact that no provision is made to pay such persons for their services, and that it would be impracticable to use four members of the police force for the purpose, as under present arrangements but four men are on duty during the day and eight at night. The mayor believes that section 38 of the city charter is in conflict with the provisions of section 5 of the new health law.

POLICE COURT.

[Justice L. H. Thompson presiding.]
The following cases were disposed of this morning:
A white boy, charged with breaking and entering a house, was sent to the reform school.
Ophelia Johnson, colored, charged with stealing clothing from Mary Johnson, also colored, was fined \$5.
John Newton and William Lomax, charged with assaulting and robbing Hugh Wylie, had their case continued.
James Lewis, colored, charged with wearing a pair of pants from H. Baker, was sent to jail for 90 days.

A COOL WAVE.

The weather yesterday was seasonable, and in the afternoon the mercury came close to the ninety mark. Toward the close of the day a slate-colored cloud appeared in the northwestern heavens and later the wind came out strong from that quarter, sending clouds of dust through the streets. There was little rain, however. The temperature fell considerably in a short time, and early in the night the northwest wind was blowing fresh and cool. These conditions continued throughout the night. The weather today has been bright and pleasant.

STRUCK BY SQUALL.

There was some excitement on the steamer St. Johns on her trip from Colonial Beach shortly after the steamer left that resort yesterday evening. The squall which passed over this city seems to have been widespread, and it struck the steamer suddenly sending a number of hats and lunch boxes overboard. The blasts was short-lived however and no damage followed. The steamer arrived at this port about ten minutes late. The passengers took their experience good naturedly.

SENT TO THE REFORM SCHOOL.

The seventeen-year-old youth, living in the southeastern section of the city, who was arrested Saturday charged with breaking and entering a residence on South Lee street one night last week and taking thereupon several articles, was brought before the Police Court this morning. The accused pleaded guilty as charged and was sent to the reform school.

MORE DISORDER.

Complaint is again made of the disorderly conduct of certain men of the Cameron street night and indulge in disorderly conduct when the Colonial Beach steamer reaches the wharf. It is said that bottles were thrown again last night.

BASEBALL.

The Alexandria Athletic Club baseball team on Saturday afternoon defeated the R. P. Andrews Paper Company's team of Washington, by a score of 14 to 5.

A PROFESSIONAL PIANO.

Mr. J. Frank Frysinger, composer, concert pianist and teacher, of Hanover, Pa., writes he is amazed at the prolonged vibrations of the tone, by which the Weaver piano becomes somewhat organ like, at the lightness of touch, at the precision and perfect cessation of tones which the dampers effect—an element so essential to distinctness in playing.

The Weaver piano is in so many respects a superior piano that each artist seems to find a different feature to admire. It is the piano of the Twentieth Century. Send for catalogue.

"La Belle Paquette" was noted as one of the cleverest dances along the Rue Montmartre. All the students of the Quarter Latin flocked to her shrine like hungry children at an ice cream festival. While dancing she was the very essence of gliding sinuous gracefulness, and whenever she cooed-ended to "dip her trillies" on the boards of some well known but notorious tango hall, nearly all the pretentious and especially the baldheaded ones would send up their cards and invite her to a luncheon of those irresistibly delicious Auth products from the Auth Stand, Sylvan Boulevard, the Auth Stand, City Market.

Cook & Co. will have at their stand in the market tomorrow morning one trout, mackerel, rockfish, sturgeon, butterfish and trollers.

New York Stock Market.
New York, July 12.—The market presented a decidedly improved distribution of dealings. The market continued irregular, traders selling at the early advance for a time. The distribution of business continued good, and the market's capacity for taking stocks was still in evidence. The volume of business declined perceptibly in the second hour.

Afternoon, the market displayed a resumption of activity. Shortly before 2 p. m. irregular recoveries set in.
